- Great professor!!! Very effective lectures.
- Overall, this is the best math teacher I have ever had. Helpful notes, is thorough with his notes, and is able to meet whenever needed with his students.
- 10/10 Course, very engaging and did not leave anything as "busy work". Worked on everything that was needed. I would take this professor's class again.
- You did an AMAZING Job Thank You
- I think he's the best math teacher I've ever had. His lectures are packed full of information and force you to be engaged all class (I get distracted easily so this is good). He's always available for questions. Whenever I send him an email he responds within 5 minutes. I'm glad he was my professor.
- I really enjoyed this class. Professor Jia was very helpful when learning new concepts and always made sure we felt comfortable with the material before moving on. He was flexible and always had our best interest in mind. I feel that I learned a lot from this class and performed to my potential.
- I really appreciate how helpful Professor Jia was with making sure we understood the material and how to apply it. The lectures were perfectly straightforward, he answered questions thoroughly, and I truly feel like I understand everything that we learned this semester.
- Have great and clearly study guide for us, and explain every question in detail. Teacher is also friendly and willing to answer questions.
- I enjoyed the way the course was taught and that students were supported in order to perform well. The professor showed that they wanted everyone to do well and provided the course content very clearly.
- This professor was very accommodating towards my needs and struggles throughout the semester. I had issues with my life and he understood which helped focus on my mental health then towards being successful in his class. We had conversations about ways to improve class discord and utilizing class time towards practice problems which in turn helped for exams and quizzes when we had a better understanding of the problems. I would take math with this professor at any school and time because I learned the best. Thank you for a great semester.
- Mr. Jia will make MAT subject become interesting, I love having his lessons. All the homeworks are really helpful to practice the content.
- I have taken this class multiple times and have either failed or withdrawn, but this class I have performed as best as can with this professor. He is very good at teaching MAT 285. He makes sure everyone understands the content he is teaching. Very flexible professor, rating 100/10
- Very nice professor, always responds to questions and emails in details and very patient. The lectures are very useful and effective. Highly recommended.
- This course helps me a lot in studying Mathematics. Jianqing Jia is an excellent teacher and can teach class clearly. Practice questions and homework are useful for exams.
- The teacher is always very serious when teaching. Teachers also pay close attention to students' understanding of knowledge. Teachers are very friendly and teaching ability is also very good.
- He is one of the best instructors this semester. He cares about not only teaching but how well we absorb knowledge. And also I think he builds a perfect schedule for class.
- Professor Jia did a really good job on delivery materials especially on the lectures and the revision sessions. He always listens to students' questions and answers them actively. He made me not afraid of math anymore. I gained a lot from this course.
