- Best calculus teacher to have. Very effective notes and use of class time.
- This is my third time taking calculus. While I may not be the best student, I am doing much better now compared to before! Jia was an amazing instructor!
- The instructor is extremely passionate about calculus and cares a lot about their students' success
- Professor Jia is a very good professor one of the best professors I have ever had. He delivered the content effectively and easy to learn. He made it easy and made sure that everyone gets it and asked questions in class to practice.
- Professor Jia was very flexible and always made sure that his students were prepared for exams. The content was displayed very clearly and made class enjoyable.
- I loved this professor, one of the best professors I've ever had. Very understanding and taught the material clearly and so that the students actually understood the material.
- I liked how thorough we went through each problem it helped me get a better understanding on each subject
- I appreciated how he explained important concepts frequently and in depth so that I (and others) could understand well. He was very flexible and supportive of students' success.
- A great teacher! I am not great at math (have never been). He is my first math professor that actually made me understand some sort of math!!! He is always routing for us to do the best we can, and he contributes to that by always preparing us the best he can. Thank you!!!!!!
- I like that he was very flexible and understanding of individual circumstances. He did a great job helping us review for exams to prepare us. I liked how he taught our class and the notes he helped us take. He used relevant examples and I liked how he used the projector to teach the class because it was very visible and easy to see the board and what he was writing.
- The instructor is a very flexible and understanding person. He is happy to help students any time, even on weekends. Moreover, his studyguid is very clear, and the summary of key points is also very good.
- Professor is kind and supportive. Everything taught in class is clear and helpful.
- He was a great Professor!
